Wellness Hub Retailing the Best in FMCG

ABOUT

Care n Cure Group began its journey in 2000 with the opening of Corniche Pharmacy in Doha and has since diversified into multiple sectors across Qatar. Among its most dynamic expansions is the FMCG division, launched in 2018, which has become a cornerstone of the group's success.

This division has rapidly established itself as a formidable force in the Qatari FMCG market, securing distributorships for over 50 leading international brands. This achievement is the result of a strategically developed distribution network backed by robust operating models and a high market penetration ratio.

To bring these products even closer to customers, Wellness Hub, our dedicated retail division now serves as the home for all FMCG offerings. From personal care and beauty to household essentials, snacks, and health care devices, Wellness Hub is your go-to destination for quality, convenience, and everyday wellness.

Our growth is powered by a passionate team, a reliable supply chain, and strong partnerships with global vendors. As we continue to innovate and expand, Wellness Hub remains at the forefront of Care n Cure's mission to enhance everyday living for customers across Qatar.

VISION

To become a leading business conglomerate, by focusing on our customers and committing ourselves to exceed quality expectations, through motivation, empowerment and dedication.

MISSION

To excel in business by committing ourselves to create effective customer relationships with high emphasis on customer satisfaction by providing products that meet and exceed their expectations.

CORE VALUES
